🐙 [GitHub](#) | [LinkedIn](#)

Professional Summary

Detail-oriented Full Stack Java Developer with strong expertise in backend development using Java and Spring Boot, along with frontend development using HTML5, CSS3, and JavaScript. Experienced in building responsive and scalable web applications, developing RESTful APIs, integrating MySQL databases, and optimizing application performance. Passionate about writing clean, efficient, and maintainable code while delivering modern and user-friendly software solutions.

Technical Skills

Programming Languages	Java, JavaScript
Frontend Development	HTML5, CSS3, JavaScript, Responsive Design
Backend Development	Spring Boot, Spring MVC, REST APIs
Database	MySQL
AI & GenAI	ChatGPT, Claude AI, Genspark AI, Prompt Engineering, AI-Powered UI Integration, OpenAI API, Anthropic API
Developer Tools	Git, GitHub, VS Code
Core Skills	API Integration, Component-Based Development, Performance Optimization, Cross-Browser Compatibility

Experience

Front-End Web Developer Intern Oct 2024 – Nov 2025

Alpha Developer Team, Chhatrapati Sambhajnagar, India

- Developed responsive and interactive UI components using HTML5, CSS3, and JavaScript for desktop and mobile platforms.
- Improved website responsiveness and accessibility, enhancing user engagement and overall user experience.
- Collaborated with developers and designers to implement modern UI features and optimize frontend workflows.
- Optimized UI performance and reduced page load time through efficient asset management and code refactoring.
- Performed debugging, testing, and Git-based version control to maintain scalable and clean codebases.

Full Stack Java Developer Dec 2025 – May 2026

Sathya Technologies, Hyderabad, India

- Developed full stack web applications using Java, Spring Boot, and REST APIs following modern development practices.

- Integrated frontend interfaces with backend services to build scalable and responsive applications.
- Designed relational database schemas and performed CRUD operations using MySQL.
- Worked on API integration, backend logic implementation, and application optimization.

Projects

2D Car Racing Game

[Live Demo](#)

- Built an interactive browser-based racing game using HTML5, CSS3, and JavaScript.
- Implemented dynamic obstacle generation, multiple difficulty levels, and real-time scoring system.
- Designed responsive gameplay controls with game-over and restart functionality.
- Optimized gameplay performance for smooth rendering across desktop and mobile devices.

Tandoori Tales Restaurant Website

[Live Demo](#)

- A modern restaurant web application built with a responsive frontend design, interactive UI components, and a seamless browsing experience for users.
- Designed to showcase restaurant services, menu experience, and online accessibility.
- Implemented clean UI sections with responsive layouts optimized for desktop and mobile devices.
- Developed using HTML5, CSS3, and JavaScript with modern frontend practices.

Education

Bachelor of Science (Information Technology)

2021 – 2024

Sabarmati University, Ahmedabad, Gujarat

Higher Secondary Education (XII)

2020 – 2021

Shri Ganesh Arts, Commerce & Science College
Maharashtra State Board

Personal Details

Address: Dhillon Residency, E-1-8, Left Side Building, 4th Floor, Kanchanwadi, Paithan Road, Chh. Sambhajinagar – 431001

Passport Number: AE554742

Date of Issue: 31/07/2025

Date of Expiry: 30/07/2035
